

## Installing Liberty Meeting Recorder v3.2

*Follow these steps to install the Liberty Meeting Recorder:*

1. Locate the Liberty software provided to you on a CD, insert the CD into your CD drive, browse to your CD drive, and open the folder labeled **Liberty Meeting Recorder\V3.2** Or, go here to download:  
[http://www.jcgtechnologies.com/ftp/liberty/LMRS\\_3.2\\_B3761.exe](http://www.jcgtechnologies.com/ftp/liberty/LMRS_3.2_B3761.exe)
2. Double click on the file (e.g. LMRS\_3.2\_B3761.exe) to begin the installation of the software.
3. If you receive a Security Warning, click **Run**.
4. On the Setup screen, Click **Next**.
5. If you have an earlier version of the software installed, you will be prompted with a message to overwrite it. Click **Next**
6. On the License Agreement screen, **Accept the License Agreement**. Click **Next**
7. On the Select Destinations screen, leave all the defaults and click **Next**.
8. On the Select Application screen, leave all the defaults and click **Next**.
9. On the Select Parameters screen, select All Users and click **Next**.
10. On the Ready to Install screen, click **Install**.
11. When the setup is complete, click **Finish**.

*Follow these steps to copy the registration file to your program directory:*

1. Locate the regkey.bsh file. This file may be on the CD you received from JCG or you may have a link to download it.
2. Once you have the file located, right-click on it and choose **COPY**.
3. Open My Computer or Windows Explorer
4. Browse to C:\Program Files\HighCriteria\LibertyMeetingSystem
5. Paste the regkey.bsh file into this folder.

Note: If the file is named anything else, rename it to regkey.bsh
